PRIMARY CARE

THE YEAR IN REVIEW

STEPHEN L. BOSWELL, MD
PRESIDENT & CEO

DOUGLAS SPENCER
CHAIR, BOARD OF DIRECTORS

The last year has been an exciting one here at Fenway Health. 1,100 more people turned to us for their care, bringing us to 21,600 patients who made 110,000 visits. We were able to expand our physical space to help meet this need, building out the previously vacant fourth and fifth floors and expanding the sixth floor of our Ansin Building location at 1340 Boylston Street. The expansion allowed us to add radiology services, including medical x-rays, mammograms, and bone density scans. We also moved our Sidney Borum, Jr. Health Center into a larger, renovated space not far from their previous location.

That expansion was reflected in the growth of our services and programs. The LGBT Aging Project joined The Fenway Institute in 2013, bolstering our ability to serve and advocate on behalf of our elders. The AIDS Action Committee of Massachusetts, New England's largest AIDS service organization, also became a part of the Fenway family once again. Many of you will remember that AIDS Action got its start as a committee of Fenway's Board of Directors in the early 1980s, so this feels a lot like welcoming old friends back into the fold and will allow both organizations to improve delivery of care and services across the state and beyond.

At the same time, we continued to share our knowledge and skills with the larger world. The 2012 International AIDS Conference in Washington, DC was attended by many Fenway staff who presented posters on their findings, hosted satellite sessions on important issues, released new publications, and brought back fresh ideas for future research and collaborations. Our National LGBT Health Education Center conducted trainings for health care organizations across the United States, bringing expertise and hope to remote locations. We hosted HIV/AIDS experts and advocates from across the northeast at the Office of National AIDS Policy's regional meeting for New England in our Ansin Building conference center. And we issued publications, infographics and public policy comments on issues including pre-exposure prophylaxis, the Affordable Care Act, transgender health and the cervical cancer risk of lesbians and bisexual women.

This annual report covers our fiscal year 2013, July 1, 2012 through June 30, 2013. Fenway Health's accomplishments and growth during that time were nothing short of impressive. We want to thank all of our staff, donors, volunteers, and allies for making that possible and we look forward to continuing to work towards a future where all people have access to the high-quality health care and services they deserve.

BOARD OF DIRECTORS

Fenway Health would like to thank the members of our Board of Directors who have provided us with leadership and guidance.

BOARD OF VISITORS

The Board of Visitors' mission is to heighten Fenway's visibility and provide additional expertise and experience to support the organization and its work. Fenway's Board of Visitors members are interested and influential members of the community, patients, donors and friends. Author and branding expert Dorie Clark and Choate, Hall & Stewart LLP Partner John R. Pitfield, Esq., were the 2013 Co-Chairs of Fenway's Board of Visitors.

FENWAY HEALTH

Fenway has helped pioneer a philosophy of integrated care that looks at each patient as a whole person and our staff works as a team to meet the needs of everyone who comes through our doors.

Fenway Health offers medical, behavioral health, dental and eye care, a pharmacy, HIV/STI screening, alternative insemination services, a violence recovery program, women's health and transgender health care and services. Fenway Health cares for our community from four Boston locations.

THE ANSIN BUILDING

A 10-story, 100,000 square foot health care and research facility. It is the largest building ever constructed by an organization with a specific mission to serve the LGBT community.

FENWAY: SIXTEEN

Housed in Fenway's historic 16 Haviland space, offers programs and services geared towards enhancing the health and well-being of gay and bisexual men and transgender people.

FENWAY: SOUTH END

A private practice setting for medical and behavioral health care, women's health, and pharmacy services conveniently located for those who live and work in Boston's South End and Back Bay neighborhoods.

THE SIDNEY BORUM, JR. HEALTH CENTER

Quality health care for young people ages 12 to 29—many of whom are LGBT, HIV-positive, living on the streets, using drugs or alcohol, engaging in sex work or gang involved—who may not feel comfortable going anywhere else.

THE MISSION OF FENWAY
HEALTH IS TO ENHANCE
THE WELLBEING OF THE
LESBIAN, GAY, BISEXUAL &
TRANSGENDER COMMUNITY
AND ALL PEOPLE IN OUR
NEIGHBORHOODS AND
BEYOND THROUGH ACCESS
TO THE HIGHEST QUALITY
HEALTH CARE, EDUCATION,
RESEARCH AND ADVOCACY.

FENWAY 800 HEALTH

1340 BOYLSTON STREET

Both Israel Deaconess
Official Hospital
the Boston Red Sox

IN 2013, FENWAY HEALTH

PROVIDERS SAW 21,600

PATIENTS WHO MADE

110,000 PATIENT VISITS.

MEDICAL | 18,500 PATIENTS | 58,000 VISITS

BEHAVIORAL HEALTH | 3,600 PATIENTS | 36,400 VISITS

DENTAL | 3,500 PATIENTS | 13,400 VISITS

EYE CARE | 3,100 PATIENTS | 4,900 VISITS

EXPANSION

In late 2012, we finished building out the fourth and fifth floors of our 1340 Boylston Street location and expanded the dental area on the sixth floor, providing much needed space enabling us to offer additional services. The fourth floor is a new primary care floor and includes on-site digital imaging services, bone density screening and mammograms. The fifth floor is dedicated to the rapidly expanding work of The Fenway Institute, which now occupies two full floors of the building. And we've doubled the size of the dental department on the sixth floor, which should help reduce waiting times for dental appointments and allow us to serve more clients in need of this critical service.

AIDS ACTION COMMITTEE

In 2013, the AIDS Action Committee of Massachusetts, New England's largest AIDS service organization, became a part of the Fenway family once again. This new arrangement will allow the two organizations to work more closely together, improving delivery of care and services to people living with HIV/AIDS, and helping strengthen advocacy, prevention and research efforts.

TRANSGENDER HEALTH PROGRAM

1,100 transgender patients currently receive care at Fenway Health locations, an increase of over 900 patients since 2007. The Transgender Health Program continues to expand to comprehensively address the needs of Fenway's rapidly growing transgender patient base.

INSURANCE ENROLLMENT PROGRAM

700 people were approved for coverage under MassHealth, Commonwealth Care and Health Safety Net with help from Fenway's health insurance enrollment program.

NAVIGATION PROGRAM

Fenway's Navigation Program uses Peer Health Navigators to reach those at highest risk for health disparities and connect them to life-saving services. Navigation clients include gay and bisexual men, transgender individuals, those affected by crystal methamphetamine use, and other individuals at high-risk for health disparities. Fenway's Peer Health Navigators hold more than 2,500 individual and group client meetings annually.

FENWAY HEALTH NAVIGATORS

6,000 calls per year are answered by Fenway Health Navigators, who provide callers with critical information, referrals and access to services.

FENWAY PHARMACY

Nearly \$400,000 in free and discounted medication was given out by the Fenway Pharmacy's two branches to help meet the needs of all Fenway patients. The pharmacies also offer free delivery services for homebound patients and others who need it. Together, they fill an average of 500–550 prescriptions per day.

RADIOLOGY DEPARTMENT

Fenway added a Radiology Department in 2013, allowing us to offer onsite mammograms, x-rays and bone density scans. These services save time and improve care for all of our patients, but are especially important for our growing transgender patient population, offering these procedures in medical environments that are culturally competent in caring for LGBT people.

ALTERNATIVE INSEMINATION

Almost 480 babies have been conceived with the help of the Alternative Insemination (AI) Program since it began 30 years ago. Catering to LGBT people and unmarried women who want to be parents, it was believed to be the first of its kind in the United States. In addition to insemination, the AI Program offers social and emotional support in the form of workshops and groups for LGBT parents and prospective parents.

VIOLENCE RECOVERY PROGRAM

Nearly 400 victims of bias crimes, domestic violence, sexual assault and police misconduct each year are helped by the Violence Recovery Program (VRP). The VRP offers individual and group counseling. They also speak about LGBT trauma recovery on a national level at conferences and roundtables and provide technical assistance and training to the Boston Police Department, District Attorney's offices, hospitals, health centers, social service agencies and community and school groups.

LGBT HELPLINES

Fenway's LGBT Helpline and Peer Listening Line for LGBT Youth answered more than 3,600 calls, providing resources and a friendly ear to people across North America. The helplines piloted an online chat feature in 2013, and were able to offer support and assistance to more than 100 LGBT people from around the world.

SUBSTANCE ABUSE TREATMENT

In 2013, 250 new patients were seen by Fenway's Substance Abuse Treatment Program for problems with substances including alcohol, crystal methamphetamine and cocaine. No one is ever turned away for lack of ability to pay and many patients are referred into other services at Fenway.

Fenway Health saw the first HIV/AIDS cases in New England in the early days of the epidemic and was awarded the first HIV counseling and testing contract by the Massachusetts Department of Public Health in 1985. Fenway remains one of the largest confidential HIV counseling and testing sites in the state and is the largest provider of outpatient HIV/AIDS care in New England:

NEARLY

1,800

HIV-positive patients received care at Fenway locations in 2013

OVER

8,500

HIV antibody tests per year are administered by Fenway providers and HIV Counseling, Testing & Support Services staff

100%

of those who test positive for HIV are triaged into care and services at Fenway Health

NEARLY

85%

of those seeking HIV tests identify as men who have sex with men and the remainder describe their HIV risks as heterosexual sex, injection drug use or occupational exposure

Fenway Health is affiliated with Beth Israel Deaconess Medical Center. All physicians hold faculty appointments at Harvard Medical School. Research affiliations include Massachusetts General Hospital, Brigham and Women's Hospital, and Brown University Medical School.

FOUNDED IN 1993,
FENWAY'S SIDNEY BORUM
JR. HEALTH CENTER WORKS
WITH YOUNG PEOPLE

NOT FEEL COMFORTABLE
ACCESSING CARE AND
SERVICES ANYWHERE ELSE.

SIDNEY BORUM JR. EDU HEA

ALTH CENTER

SIDNEY BORUM, JR. HEALTH CENTER

Many of the teens and young adults who turn to the Borum for help are LGBT or questioning, living with HIV/AIDS, homeless, gang involved or struggling with substance use issues. The Borum offers medical and behavioral health care in a safe and welcoming environment.

Founded in 1993, Fenway's Sidney Borum, Jr. Health Center works with young people ages 12 to 29 who may not feel comfortable accessing care and services anywhere else. Many of the teens and young adults who turn to the Borum for help are LGBT or questioning, living with HIV/AIDS, homeless, gang involved or struggling with substance use issues. The Borum offers medical and behavioral health care in a safe and welcoming environment.

The Borum joined Fenway Health in 2010 and is named in memory of Sidney W. Borum, Jr., who died of AIDS in 1992. Borum was an African-American HIV/AIDS activist and educator who worked with adolescents and other young people at risk for HIV transmission.

Providers at the Borum cared for almost 1,600 young people who made 6,800 patient visits in 2013. At the end of June, 2013, Borum staff moved into renovated space at 75 Kneeland Street. Located between Tufts Medical on the Orange Line and South Station on the Red, the Borum's new home is also a short walk from the Chinatown T stop. The new space will allow the Borum to serve even more vulnerable and at-risk young people.

THE FENWAY INSTITUTE

The Fenway Institute at Fenway Health is an interdisciplinary center for research, training, education, and policy development, focusing on national and international health issues.

At The Fenway Institute, we conduct innovative research and develop education and advocacy programs grounded in the LGBT community. We act as a catalyst for change in the larger community by applying our knowledge broadly. We are motivated by the belief that everyone, everywhere deserves access to high-quality, culturally-competent health care. Research affiliations include Massachusetts General Hospital, Brigham and Women's Hospital, Harvard Medical School, and Brown University Medical School.

The Fenway Institute is the home of the National LGBT Health Education Center and the Center for Population Research in LGBT Health. The National LGBT Health Education Center provides educational programs, resources, and consultation to health care organizations with the goal of optimizing quality, cost-effective health care for lesbian, gay, bisexual, and transgender people.

The Center for Population Research in LGBT Health develops and supports collaborative research and education programs to understand and improve the health of sexual and gender minorities.

In 2013, the LGBT Aging Project became a program of The Fenway Institute. The LGBT Aging Project is dedicated to ensuring that lesbian, gay, bisexual and transgender older adults have equal access to the life-prolonging benefits, protections, services and institutions that their heterosexual neighbors take for granted so that they can age with the dignity and respect they deserve.

The Fenway Institute doubled the size of its physical space at its 1340 Boylston Street home in late 2012 with the successful build-out of the building's fifth floor. This increased space will allow Fenway to continue to expand its research, education and advocacy work on behalf of the LGBT community.

THE MISSION OF THE FENWAY
INSTITUTE IS TO ENSURE ACCESS TO
QUALITY, CULTURALLY COMPETENT
MEDICAL AND MENTAL HEALTH CARE
FOR TRADITIONALLY UNDERSERVED
COMMUNITIES, INCLUDING LESBIAN,
GAY, BISEXUAL AND TRANSGENDER
(LGBT) PEOPLE AND THOSE
AFFECTED BY HIV/AIDS.

INFOGRAPHICS

We created a number of infographics highlighting LGBT health and HIV/AIDS issues in 2013. Infographics are graphic visual representations of information, data or knowledge intended to present complex information quickly and clearly and are ideal for sharing on blogs and through social media, like Facebook, Twitter, and Tumblr.

2013 infographics included:

- The Unhealthy Impact of Bullying on LGBT Youth (Spirit Day, October 2012)
- Health Disparities Faced by the Transgender Community (Transgender Awareness Week, October 2012)
- Stand Up for Trans* Youth (Transgender Awareness Week, October 2012)
- Fighting HIV/AIDS in the LGBT Community (World AIDS Day, December 2012)
- HIV/AIDS & Youth Infographic (World AIDS Day, December 2012)
- National Black HIV/AIDS Awareness Day (February 2013)

PUBLICATIONS

Faculty and staff from The Fenway Institute issued a number of important LGBT health publications in 2012 – 2013, including:

- Taking Routine Histories of Sexual Health: A System-Wide Approach for Health Centers
- Affirmative Care for Transgender and Gender Non-Conforming People: Best Practices for Front-line Health Care Staff
- Promoting Cervical Cancer Screening Among Lesbians and Bisexual Women
- Addressing the Needs of LGBT People in Community Health Centers: What the Governing Board Needs to Know
- Improving the Health Care of Lesbian, Gay, Bisexual and Transgender (LGBT) People: Understanding and Eliminating Health Disparities
- Introducing the “PrEP Package” for Enhanced HIV Prevention: A Practical Guide for Clinicians
- Pre-exposure Prophylaxis for HIV Prevention: Moving Toward Implementation (2nd edition)

PUBLIC COMMENTS

Fenway submitted public comment on a number of important issues designed to improve the health and well-being of LGBT people in the United States this past year:

- Comments on HHS draft strategic plan FY2014-18, Submitted October 15, 2013
- Comments to HHS regarding rulemaking related to the nondiscrimination requirements in Section 1557 of the Affordable Care Act, submitted September 30, 2013
- Comments on sexual orientation questions proposed for National Survey on Drug Use and Health, April 30, 2013
- Comments on Centers for Medicare and Medicaid Services Affordable Exchanges Guidance issued March 1, 2013; submitted March 15, 2013
- Community public comments, led by The Fenway Institute and the Center for American Progress, on Stage 3 proposed Meaningful Use Guidelines submitted to Office of the National Coordinator of Health Information Technology and Center for Medicare and Medicaid Services; submitted January 14, 2013
- Fenway Health comments on Stage 3 proposed Meaningful Use Guidelines submitted to Office of the National Coordinator of Health Information Technology and Center for Medicare and Medicaid Services, December 19, 2012

THE 2012 INTERNATIONAL AIDS CONFERENCE

Staff and Faculty from The Fenway Institute and Fenway Health attended the August 2012 International AIDS Conference (IAS2012) in Washington, DC, presenting research findings, participating in panels and discussing recent HIV/AIDS news, advancements and challenges with colleagues from around the world. The International AIDS Conference is the premier gathering for those working in the field of HIV, as well as policy makers, persons living with HIV and other individuals committed to ending the pandemic. It is a chance to assess where we are, evaluate recent scientific developments and lessons learned, and collectively chart a course forward. Fenway experts were quoted in coverage of the conference appearing in The Washington Post, USA Today, The Boston Globe, The Huffington Post, The Advocate and many other news outlets across the country and around the world.

Results from the HPTN 061 study that Fenway participated in were released at the conference, showing alarming rates of HIV infection in Black men who have sex with men (MSM) in the United States. Overall rate of new HIV infection among Black MSM in this study was 2.8% per year, a rate that is nearly 50% higher than in white MSM in the U.S. Even more alarming, HPTN 061 found that young Black MSM—those 30 years of age and younger—acquired HIV infection at a rate of 5.9% per year, three times the rate among U.S. white MSM. The overall infection rate among Black MSM in this U.S. study is comparable to the rate seen in the general populations of countries in sub-Saharan Africa hardest hit by the HIV epidemic.

Fenway sponsored two satellite sessions at IAS 2012, Pre-exposure prophylaxis (PrEP) for HIV Prevention: Maximizing Success and Health Sector Partnerships: Creating Local Clinical Service Networks for MSM in Diverse Global Settings. The Fenway Institute also released two new publications, Pre-Exposure Prophylaxis for HIV Prevention: Moving Toward Implementation (2nd edition) and Improving the Healthcare of Lesbian, Gay, Bisexual and Transgender People. 24 abstracts from Fenway staff and faculty members were featured at the conference.

EDUCATION & TRAINING

The National LGBT Health Education Center conducted a number of trainings for health care providers and staff designed to improve care and services for LGBT patients. Faculty from the Education Center presented at 49 conferences, trainings, and webinars,

In 2013, the National LGBT Health Education Center conducted 49, conferences, trainings and webinars in 11 states, as well as the District of Columbia, and Puerto Rico.

educating 2,551 participants on topics ranging from hormone administration for transgender patients to collecting LGBT data in clinical care settings to HIV prevention and primary care for older adults. Trainings and events were held in 11 states, the District of Columbia and Puerto Rico.

FUNDING

In early 2013, the National Institutes of Health (NIH) awarded The Fenway Institute a three-year grant to address health disparities in LGBTQ (lesbian, gay, bisexual, transgender, and queer/questioning) youth of color, through the National Institute on Minority Health and Health Disparities (NIMHD). This funding allowed us to establish a community-based research initiative to create and pilot interventions to address those disparities. BAGLY (Boston Alliance of Gay, Lesbian, Bisexual and Transgender Youth), JRI Health, Fenway's Sidney Borum Jr. Health Center, and the Massachusetts Commission on Lesbian, Gay, Bisexual and Transgender Youth are partners on the grant.

TRAINING IN NIGERIA

In May, staff from Fenway Health and The Fenway Institute traveled to Nigeria to conduct training for health care providers living and working in regional health centers there. The goal of this training, titled Health Sector Intervention Training: Nigeria, was to improve the ability of care providers to respond to the specific needs of men who have sex with men (MSM) as they support a study being conducted throughout

Nigeria called the TRUST Study. TRUST looks at HIV and STD prevalence, incidence and risk behaviors among Nigerian MSM and the impact of providing HIV medical and prevention services at a Trusted Community Center. This study and training were supported by national and international collaborators including the University of Maryland Institute of Human Virology, Johns Hopkins University Bloomberg School of Public Health as well as US National Institutes of Health, US Military HIV Research Program, CDC PEPFAR Nigeria and Population Council Nigeria.

ONAP REGIONAL MEETING

Also in May, The Fenway Institute hosted the White House's Office of National AIDS Policy (ONAP) regional meeting for New England in our 1340 Boylston Street auditorium. This was one of a series of meetings on the implementation of the National HIV/AIDS Strategy (NHAS). The purpose of these meetings is to better understand local and state level efforts as it relates to the implementation of the NHAS, including the Affordable Care Act (ACA). The goal of these meetings is to engage key stakeholders about ongoing challenges and successes of NHAS/ACA implementation. Updates on Federal NHAS implementation efforts were delivered by Grant Colfax, MD, Director of the Office of National AIDS Policy, and Christie L. Hager, JD, MPH, Regional Director, Region 1, US Department of Health and Human Services.

'I AM' SCREENING

In honor of Transgender Awareness Week 2012, the LifeSkills project of The Fenway Institute and the Boundless and Living Well series at Fenway Health debuted a series of "I AM: Trans People Speak" videos featuring Fenway staff and supporters. The "I AM" project raises awareness about the diversity that exists within transgender communities. It gives a voice to transgender individuals, as well as their families, friends, and allies. In addition to the video screening, the event featured a conversation with the filmmaker, video participants and Fenway staff as well as a community toast.

TALK PEP CAMPAIGN

The Fenway Institute launched TalkPEP.org. After possible exposure to HIV, taking medication used to treat HIV may help reduce your chances of becoming HIV-positive, a process called Post-Exposure Prophylaxis (PEP). Like Pre-Exposure Prophylaxis (PrEP), PEP could be an important tool to help stop the spread of HIV from things like unprotected sex, condom slips and breaks, shared needles, and sexual assault. The Talk PEP campaign aims to raise awareness of PEP and encourage people to "talk PEP" with their social networks, partners, and providers. The website educates visitors with a short animated introduction to PEP, resource list, and educational PEP materials that are free to download and distribute.

Marriage equality advocate Marc Solomon received the Congressman Gerry E. Studds Visibility Award at Fenway Health's Men's Event on Saturday, March 9 at the Boston Marriott Copley Place. From left to right: Dr. Stephen L. Boswell, Fenway Health President & CEO; Men's Event Co-Chair Matthew White; Men's Event Co-Chair Brandon O. Smith; Fenway Health Board Chair Douglas Spencer; Dean Hara, Congressman Studds' widower; Marc Solomon; Men's Event Co-Chair John Winterle, DMD; Massachusetts State Treasurer Steve Grossman; and his wife, Barbara Grossman. * MEN'S EVENT 2013 CO-CHAIR

1,300 ATTENDEES

\$550,000 RAISED

The Men's Event is a black-tie fundraiser for Fenway Health and Boston's biggest night on the town for more than 1,300 gay and bi men, transgender people, and allies.

**THANK YOU TO
EVERYONE WHO
HELPED MAKE
THE MEN'S EVENT
A SUCCESS!**

The 2013 Men's Event was held on Saturday, March 9 at the Boston Marriott Copley Place and raised almost \$550,000 in cash, pledges and in-kind support for the life-saving services and programs at Fenway Health.

Fenway Health was honored to present The Congressman Gerry E. Studds Visibility Award to Marc Solomon at the event. Through his work in the fight for the freedom to marry for the LGBT community locally and nationally, Marc has shown a level of commitment to community service that was exemplified by the late Congressman Studds. We are proud to acknowledge how important marriage has been for LGBT citizens of the Commonwealth of Massachusetts. The Congressman Gerry E. Studds Visibility Award is given at The Men's Event to honor individuals of integrity and selflessness who embody the spirit of service and provide positive leadership for the LGBT community. Congressman Studds represented southeastern Massachusetts in the U.S. Congress from 1973 to 1997 and became the first openly gay Member of Congress in 1983 when he proudly acknowledged his sexual orientation standing on the congressional floor. The Congressman Gerry E. Studds Award is given at each year's Men's Event in honor and memory of Studds, who passed away in October 2006.

THANK YOU to all of our Table Captains and Event Team, our corporate sponsors, Marc Solomon, Booty Vortex, KISS 108's Gay Jim, WCVB TV 5's Randy Price and everyone who attended the 2013 Men's Event for helping to make the event such a huge success. And a special thanks goes out to our Event Chairs Brandon O. Smith, John Winterle, DMD, and Matthew White, whose hard work made the night possible.

Dr. Ursula Matulonis received the Dr. Susan M. Love Award at the April 6 Women's Dinner Party, which raised \$440,000 to support care and services at Fenway Health. Pictured from left to right: Dr. Stephen L. Boswell, Fenway Health President & CEO; Dr. Jennifer Potter, Director of Women's Health at Fenway; Dr. Ursula Matulonis, Love Award recipient; Douglas Spencer, Chair of Fenway's Board of Directors; and Women's Dinner Party Co-Chairs Lori Griffiths, Pat Hamilton, and Jennifer L. Jones. (Photo credit: Meri Bond)

* WOMEN'S DINNER PARTY 2013 CO-CHAIR

1,000 ATTENDEES

\$440,000 RAISED

The Women’s Dinner Party is an elegant attire fundraiser for Fenway Health and Boston’s biggest night on the town for more than 1,000 lesbian and bisexual women, transgender people, and allies.

**THANK YOU
TO EVERYONE
WHO HELPED US
BREAK A NIGHT
OF FUNDRAISING
CHALLENGE
RECORD AT THE
WOMEN’S DINNER
PARTY!**

The 2013 Women’s Dinner Party took place on Saturday, April 6 at the Boston Marriott Copley Place. With your help, we raised \$440,000 in cash, pledges and in-kind support for the life-saving services and programs at Fenway Health. The evening’s challenge, which raised money to name Fenway Health’s new mammography suite, brought in over \$165,000, a record for The Women’s Dinner Party!

Fenway Health was honored to present the Dr. Susan M. Love Award to Dr. Ursula Matulonis at the event. Through her long and distinguished career as a physician and a researcher, Dr. Matulonis has proved her commitment to the health and wellbeing of women everywhere. Like Dr. Love, for whom the award is named, Dr. Matulonis is a leader in her field of gynecologic cancer care, treatment and research, caring above all else for the health of the individual. As Fenway Health grows and develops our breast cancer screening program, we are proud to acknowledge the work of those who have paved the way before us in this field of medicine.

Dr. Matulonis is Medical Director and Disease Center Leader of the Medical Gynecologic Oncology Program at Dana-Farber Cancer Institute and Associate Professor of Medicine at Harvard Medical School. Her research focuses on developing new targeted therapies for gynecologic malignancies, with a specific interest in the genetic changes in ovarian cancer and how that can lead to rationale drug selection.

Each year, the Dr. Susan M. Love Award is given to honor and celebrate a woman and/or organization that has made a significant contribution to the field of women’s health. The Love Award is given in honor of its founding recipient, Dr. Susan M. Love, a pioneer in the fields of women’s health and breast cancer. Love helped found the Revlon/UCLA Breast Center in 1992 and currently heads up the Dr. Susan Love Research Foundation which is dedicated to eradicating breast cancer.

THANK YOU to all of our Table Captains and Event Team, our corporate sponsors, Dr. Ursula Matulonis, Kate Clinton, Booty Vortex and DJ Susan Esthera and the nearly 1,000 lesbians, bisexual women, transgender people, friends, supporters and volunteers who attended the 2013 Women’s Dinner Party for helping to make the event such a huge success. And a special thanks goes out to our Event Chairs Lori Griffiths, Pat Hamilton and Jennifer L. Jones, whose hard work made the night possible.

LEADERSHIP CIRCLE

The 2012 – 2013 Fenway Leadership Circle is a group of dedicated individuals who made annual gifts of \$1,340 or more between July 1, 2012 and June 30, 2013.

Members enjoy an array of benefits and special recognition.

To learn more, visit us online at fenwayhealth.org/leadershipcircle.

YOUNG LEADERS COUNCIL

The Young Leaders Council is an initiative of Fenway Health to empower emerging LGBT leaders and allies to shape their community's future. Members are individuals in their 20s and 30s who've made an annual gift of \$300 or more between July 1, 2012 and June 30, 2013.

In 2013, members contributed nearly **\$100,000** to support Fenway Health's programs and services. Paving the way for generations to come, YLC members exhibit the best of the young LGBT community. We are incredibly thankful for your support!

**IN JUST FOUR
YEARS, THE YLC
HAS GROWN TO BE
ONE OF THE MOST
IMPRESSIVE YOUNG
PHILANTHROPIC
GROUPS IN THE
NATION.**

BECAUSE WE BELIEVE
THAT ALL GIFTS MAKE
A DIFFERENCE, YOUR
CONTRIBUTION -
REGARDLESS OF THE
AMOUNT - WILL COUNT
TOWARD YOUR MEMBERSHIP
IN THE HAVILAND SOCIETY.

LEGACY SOCIETY

Gift planning brings philanthropic wishes together with sound financial planning. By making a bequest to Fenway Health through a will or trust, naming Fenway as a beneficiary of a life insurance policy or retirement plan, or creating a life income plan to support Fenway, these donors are creating a lasting legacy that benefits the people they most care for, and those who depend on Fenway.

TRIBUTE AND MEMORIAL GIFTS

Tribute and memorial gifts provide a unique way for people to acknowledge loved ones and others who had an impact on their lives. Whether honoring individuals who believe strongly in our mission, or memorializing those who have passed away, these gifts help Fenway promote access to quality care for all those who need it. Celebrated through gifts in their honor or memory, the exceptional people listed here have made a lasting impact on the lives they have touched.

\$225,000 RAISED

HARBOR TO THE BAY 2013

Harbor to the Bay is a charity bike ride from Boston to Provincetown that donates 100% of its proceeds to support HIV/AIDS programs and services at four area agencies, including Fenway Health.

The Harbor to the Bay Ride is made possible each year because a core group of dedicated individuals, under the leadership of Harbor to the Bay President and director Jim Morgrage, volunteer their time and sweat to make it happen. So far, Harbor to the Bay has raised more than \$3 million and distributed every penny to its beneficiaries. Few volunteer-driven fundraising events can point to such a successful track record.

This year was the 11th ride and 105 riders and 55 crew members dedicated their efforts to Fenway Health, ensuring that all of the money they raised will help Fenway provide care and services to every HIV-positive person who comes through our doors, regardless of their ability to pay. Altogether, the 2013 Harbor to the Bay Ride raised more than \$225,000 for Fenway Health, our largest Ride fundraising total so far.

A man in a dark suit, white shirt, and striped tie stands smiling at a community event. He is wearing a name tag that says "Volunteer Camilo FENWAY HEALTH". The background is a dark, textured wall. To the right, there is a table with a patterned cylindrical container and some papers.

INDEPENDENT AUDITOR'S REPORT

REPORT ON THE COMBINING FINANCIAL STATEMENTS

We have audited the accompanying combining financial statements of Fenway Community Health Center, Inc. and Affiliate (Massachusetts corporations, not for profit) (collectively, the Center) which comprise the combining statements of financial position as of June 30, 2013 and 2012, and the related combining statement of activities and changes in net assets, cash flows and functional expenses for the years then ended, and the related notes to the combining financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE COMBINING FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these combining financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combining financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these combining financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the combining financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combining financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement in the combining financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the combining financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combining financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion, the combining financial statements referred to above present fairly, in all material respects, the financial position of Fenway Community Health Center, Inc. and Affiliate as of June 30, 2013 and 2012, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Alexander, Aronson, Finning & Co., P.C.

Boston, Massachusetts - November 5, 2013

FENWAY HEALTH BENEFACTORS

10 STORIES: THE CAMPAIGN FOR FENWAY

The donors here contributed \$10,000 or more to 10 STORIES: The Campaign for Fenway. Their generosity helped to create this facility and to support the programs and services it makes possible.

We are deeply grateful to the more than 6,500 friends of Fenway across New England and elsewhere who have helped to build this facility.
