

# What to Expect for your Child's Visits at Fenway

- We follow the American Academy of Pediatrics recommendations for well-child care visits.
- We see older children every year. Children under three come in much more frequently (see below).
- At well visits we check your child's health, development, behavior, habits, and learning.
- We give age-appropriate immunizations to prevent illness.
- We'll answer any questions you might have.
- See <https://www.healthychildren.org/English/family-life/health-management/Pages/Well-Child-Care-A-Check-Up-for-Success.aspx> for more information.
