## 142 BERKELEY STREET MOVE

Staff, providers, and programs from Fenway: South End, the Sidney Borum, Jr. Health Center, and the Fenway Pharmacy will be moving from 142 Berkeley Street to 1340 Boylston Street later this summer. This move will allow our team to continue providing the high quality medical and behavioral health care you rely on while also providing easy access to expanded services like dental, optometry, and radiology. All of the care and specialty services offered by Fenway Health are designed to center the needs of our LGBTQIA+ patients.
