

How to access your Virtual Desktop

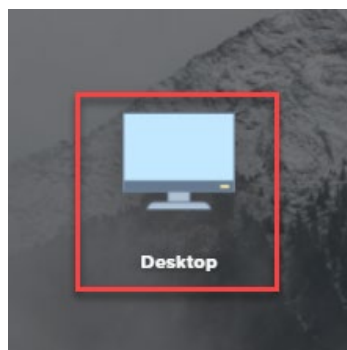

The purpose of this guide is to provide instructions on accessing Fenway Health's Virtual Desktop Infrastructure (VDI)

1. Open a Google Chrome browser and navigate to <http://desktop.fenwayhealth.org>
2. Select the 'Sign in with Fenway Health login" button.

NUTANIX

3. Use your full Fenway email address and password to authenticate.
4. Select the desktop icon.

The desktop will include Fenway applications and will look and work similar to a computer at Fenway Health. Please email helpdesk@fenwayhealth.org with any additional questions or errors encountered.
